Objective / Summary

Enthusiastic and dedicated 2nd-year Computer Science student with a passion for software development and problem-solving. Seeking to leverage classroom knowledge in a practical environment to gain experience in coding, algorithms, and data structures.

Education

B.Sc. Computer Science, 2nd Year (Expected 2026)

XYZ University

Key Skills

Python, Java, Data Structures, Git/GitHub, HTML/CSS, Team Collaboration

Projects

Student Portfolio Website

Developed a personal portfolio website using HTML, CSS, and a bit of JavaScript. Showcases academic projects, coding samples, and extracurricular achievements.

Basic Chat Application

Created a command-line chat application in Python using sockets. Learned about client-server architecture and basic networking principles.

Clubs & Extracurricular Activities

Computer Science Club

Role: Member

Participated in weekly coding challenges and hackathons. Collaborated with peers to learn new programming techniques.

Robotics Team

Role: Volunteer

Helped design and test small-scale robots for inter-college competitions, focusing on sensor integration and mechanical design aspects.

Awards & Achievements

- Dean's List (2023)

- 1st place in University Programming Contest
